INDUSTRY EXPERT LECTURE – 2

Cloud Computing using AWS Fundamentals

Date:

The Department of Computer Engineering conducted an Industry Expert Lecture on **“Cloud Computing using AWS Fundamentals”**.

The session was delivered by Sri M.Suresh, Senior Software Developer, HMIES, Visakhapatnam .

The expert explained cloud computing concepts, AWS services, virtualization, cloud deployment models, Amazon EC2, Amazon S3, Identity and Access Management (IAM), cloud security, and career opportunities in cloud computing.

Students actively participated in the live demonstration of deploying a static website using AWS and interacted with the expert during the discussion session.

The programme improved students’ understanding of cloud technologies and encouraged them to pursue AWS certification programmes.

Participants: 60 Students

Coordinator: Department of Computer Engineering

Certification
