Government Polytechnic, Srikakulam Students Participate in AICTE-ATAL VAANI-2K25 National Conference

Visakhapatnam, December 17, 2025:

Four students from the **Department of Computer Engineering (Computer Science & Engineering)**, Government Polytechnic, Srikakulam, actively participated in the prestigious **AICTE-ATAL VAANI-2K25** and **National Conference DMEAIT-2K25**, organized by **Government Polytechnic, Visakhapatnam**, on **17 December 2025**.

The students presented their innovative ideas and technical concepts during the conference, which focused on **Digital Makeover in Engineering Applications: Innovation, Technology and Sustainability**. The event provided a valuable platform for interaction with eminent academicians, researchers, industry experts, and students from various technical institutions across the state.

The participating students were:

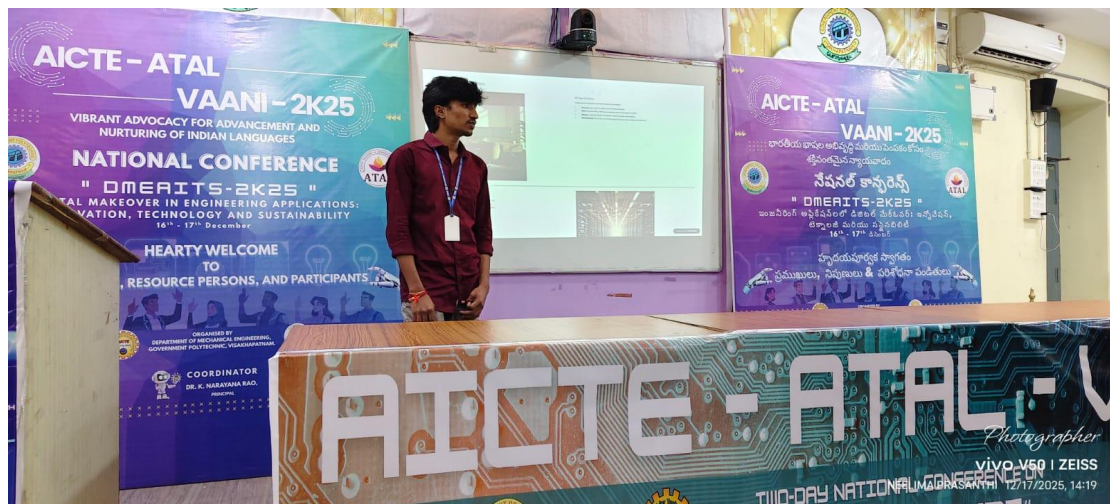

- **B. Yamini** (Roll No. 23008-CM-010)
- **P. Bhavani Prasad** (Roll No. 23008-CM-044)
- **P. Parth** (Roll No. 23008-CM-040)
- **S. Jhansi** (Roll No. 23008-CM-053)

During the conference, the students attended keynote sessions, technical presentations, and discussions on emerging technologies, including Artificial Intelligence, Cyber Security, Sustainable Engineering, Digital Transformation, and Innovation in Engineering Applications. Their enthusiastic participation significantly enhanced their technical knowledge, presentation skills, research aptitude, and professional exposure.

The students were guided and encouraged by the faculty members of the Department of Computer Engineering, whose continuous motivation enabled them to participate confidently in the national-level event.

The **Principal, Dr. K. Narayana Rao**, congratulated the students for bringing recognition to the institution through their active participation and appreciated the Department of Computer Engineering for promoting research culture and innovation among diploma students. He encouraged students to participate regularly in national conferences, workshops, and technical competitions to strengthen their academic excellence and career prospects.

The Department of Computer Engineering, Government Polytechnic, Srikakulam, remains committed to nurturing innovation, research, and technical excellence by providing students with opportunities to engage in national-level academic and professional activities.

Government Polytechnic, Srikakulam Students Excel at TechnoVision-2K25

Secure Runner-Up in Code War

Tekkali, February 4, 2025:

Students of the **Department of Computer Engineering (Computer Science & Engineering)**, **Government Polytechnic, Srikakulam**, actively participated in **TechnoVision-2K25**, a prestigious national-level technical symposium organized by the **Aditya Institute of Technology and Management (AITAM)**, Tekkali, on 3rd and 4th February 2025 during the **Academic Year 2024-25**.

The event brought together students from various engineering and polytechnic institutions, providing an excellent platform to showcase technical knowledge, programming skills, creativity, and innovation through a wide range of competitions, workshops, and technical events.

A team of eleven students from Government Polytechnic, Srikakulam represented the institution with great enthusiasm and professionalism. The participating students were:

- **B. Siri** - 22008-CM-003
- **G. Shanmukha Priya** - 22008-CM-014
- **G. Jyothirmayi** - 22008-CM-016
- **G. Rajini** - 22008-CM-019
- **P. Hemanth** - 22008-CM-025
- **M. Dhana Lakshmi** - 22008-CM-031
- **P. Siddhardha** - 22008-CM-040
- **P. Praveen** - 22008-CM-043
- **U. Bhargavi** - 22008-CM-052
- **V. Kula Deep** - 22008-CM-056
- **M. Sravani** - 22008-CM-063

The students actively participated in various technical competitions and demonstrated commendable analytical, problem-solving, and programming abilities. Their outstanding performance was recognized when the team secured the **Runner-Up Prize in the "Code War" Programming Competition**, bringing laurels to Government Polytechnic, Srikakulam.

The achievement reflects the strong academic foundation, technical competence, and dedication of the students, as well as the continuous

guidance and encouragement provided by the faculty members of the Department of Computer Engineering.

The **Principal, Dr. B.Janaki Ramayya**, congratulated the students on their remarkable accomplishment and appreciated their efforts in representing the institution with distinction at a prestigious inter-institutional technical event. He encouraged students to continue participating in national-level technical symposiums, hackathons, coding competitions, and innovation challenges to enhance their professional skills and industry readiness.

The Department of Computer Engineering, Government Polytechnic, Srikakulam, remains committed to promoting experiential learning, innovation, research, and technical excellence by encouraging students to participate in inter-institutional academic and technical events.
